

SCHOOL DISTRICT OF THE CITY OF ST. CHARLES

IMMUNIZATION REQUIREMENTS 2020-21

Building: St. Charles West High School
Contact: Mary Hanne, R.N.

Phone: 636-443-4250
Fax: 636-443-4201

Dear Parent/Guardian,

IMPORTANT! Please Read. Please be aware of the immunization requirement for all **SENIORS**. SENIOR STUDENTS MUST HAVE COMPLETED ONE DOSE OF MCV4 ON OR AFTER THEIR 16th BIRTHDAY. Since there are different vaccines on the market, it **must be documented as MCV4 , Menactra, or Menveo**. Two doses of MCV (Meningococcal) are required with one being given by 8th grade and the second before 12th grade. However, only one dose is required if the student is receiving the first dose **after** his/her 16th birthday. If a student received the vaccine **before** their 16th birthday, a second dose will be required regardless.

This will mean **all current juniors will need** this vaccine (or proof/verification of vaccine) in **order to pick up schedules for the start of next school year**. Parents of current sophomores (age 16 or over) should also check with their health care provider to ensure this vaccine is up to date by student's **senior** year. If your child is up-to-date on the MCV immunizations, please fax, email, or bring a statement, certificate or record from a physician or other recognized health facility to the school nurse.

It must be turned in **ON OR BEFORE SCHEDULE PICK UP DAY OR THEY WILL NOT BE GIVEN THEIR SCHEDULE**. In order to avoid the frustration of not getting your schedule (which is held by the school nurse), last minute appointments and possible vaccine shortages, please complete this as soon as possible after your student's 16th birthday.

Students **MAY NOT ATTEND** school without proper immunization and documentation. All documentation must provide month/day/year and include signature and/or stamp of provider. **Children in noncompliance will be prohibited from enrolling, obtaining schedules or attending school according to state law and district policy.**

Thanks for your cooperation,

Mary Hanne, R.N.
