

Our mission is to promote an environment at school where teachers and administrators can do their best work and our students can do their best learning!

- ***No huge time commitment from volunteers***

An hour can be a HUGE help and our positions and tasks fit all schedules! (You don't have to come to the school or attend a meeting to be involved, but we would really like to meet you personally!)

*\*\*\*Research shows that students whose parents are involved in their education have better grades and fewer discipline problems.*

- ***Involvement at school makes it easier to establish friendships with teachers and other parents!***

We promise that the time you give our group, the school and the support to your students will be worth your while and **FUN!!**
